Chute & Dumpster Wash PLUS

Chute & Dumpster Wash PLUS is not available in Canada.

RECOMMENDED DIRECTIONS for the DILUTION CONTROLLED SPRAYER:

- Chute & Dumpster Wash PLUS Dilution Sprayer will automatically dilute 3 oz. to 1 gallon.
1- Attach the water hose to the portion attachment.
2- Bend or break the yellow extruded tab on top of the sprayer.
3- Turn the black lever to WATER position for pre-spray or rinsing of surfaces.
4- Turn black lever to ON. Apply diluted CHUTE & DUMPSTER WASH PLUS in a sweeping motion. Turn lever OFF when finished.

TRASH CHUTES: Spray into top floor of trash chute and allow product to coat walls, and work its way down.

DUMPSTER/COMPACTORS/BINS: Spray on walls and inside container to fight odors and reduce buildup. Agitate heavily soiled areas and rinse.

LOADING DOCKS, FLOORS & RECYCLE CENTERS: Spray on area. Allow 5-10 minutes of dwell time, agitate heavily soiled areas and rinse.

32 oz. Dilution Sprayer 6/case **Gallon** 4/case
32DMPFDRU **128DMPFD**

*Chute & Dumpster Wash PLUS
 Also available in 5 & 50 Gallon

*Items not available in our KX warehouse, but are available from Nilodor. Chute & Dumpster Wash PLUS is not available in Canada.

DIRECTIONS:

TRASH CHUTES: Dilute 2-3 oz. (30-60 mL) of Dumpster Wash PLUS per gallon (3.875 L) of water. Spray or pour into top floor of trash chute and allow product to coat walls.

DUMPSTER/COMPACTORS/BINS: Dilute 4-6 oz. (90-120 mL) of Dumpster Wash PLUS per gallon (3.875 L) of water. Spray on walls and inside container to fight odors and reduce buildup. For best results, allow 5-10 minutes of dwell time, agitate heavily soiled areas and rinse.

LOADING DOCKS/FLOORS/RECYCLING AREAS: Dilute 3 oz. (90 mL) of Dumpster Wash PLUS per 1 gallon (3.875 L) of water. Spray on area. Allow 5-10 minutes of dwell time, agitate heavily soiled areas and rinse.

* Stronger dilutions may be required for more severe odor and grease problems.
