

**Safely Neutralize  
Unwanted Odors In  
Your Carpet**

**Nilofresh™** Rug & Room Deodorizer contains the fast acting, long lasting Super N Concentrate which neutralizes odors rather than masking them. **Nilofresh™** is non-toxic and biodegradable, making it user and environmentally friendly.

A safe and economical alternative to ABRASIVE baking soda based deodorizers to eliminate odors caused by smoke, vomit, pets, urine, mold, mildew, food, and much more.

Most rug and room deodorizers are made from abrasives such as baking soda and absorb moisture. Since it is abrasive, baking soda will cut your carpet fibers and cause irreversible damage to the fiber.

**Nilofresh™** is made from ground corncob, which is non-abrasive, and is slow to absorb moisture from the air.
