

Encapsulating Shampoo & Bonnet

Environmentally Responsible

A fast acting, quick drying bonnet/spin cleaner which incorporates Certified's Encapsulating technology to bind the soil, which is then removed through daily vacuuming.

Key Benefits of Encapsulating Extraction Cleaner

- Leaves no harmful residue
- Prevents soil wicking
- No sticky residue
- No rinsing required
- Eliminates rapid resoiling
- Carpets stay cleaner longer

Traditional detergents leave behind sticky residues that lead to rapid resoiling. The Structured By Nature encapsulating detergent dries into a hard crystalline material that fractures off the carpet fiber during the dry vacuuming process. An important benefit of encapsulation is that any residue left behind is of a non-sticky nature, and consequently does not result in rapid resoiling.

Polymer attaching to the fiber

Encapsulating Shampoo & Bonnet Cleaner

A fast acting, quick drying bonnet/spin cleaner

Economical - Dramatic labor and chemical savings realized by the customer.

Versatile - Can be used with the latest low moisture equipment and also compatible with traditional carpet cleaning equipment

Chemical program enhanced by the Certified Pile Brush. Nothing is more effective at removing dry soil. Plus the environmental benefits of no solution or recovery tanks to service.

Encapsulating Extraction Cleaner
Also available 55 gallon drum

Gallon 4/case
128SBNSHP

5 Gallon each
130SBNSHP

- DIRECTIONS:** Shake well before using. Test fabric in inconspicuous place for color fastness before using.
1. Prepare carpet for shampooing in a normal manner with vacuum or Certified Pile Brush. Add 16 oz. (473 mL) of Structured By Nature™ **Shampoo** to 1 gallon (3.78 L) of water.
 - ROTARY BRUSH** - Spray solution to carpet surface and agitate with rotary brush.
 - BONNET CLEANING** - Bonnet may be either saturated with diluted solution or solution may be sprayed as a mist, ahead of machine.
 2. Use furniture protectors under legs if furniture must be replaced before carpet is dry. Vacuum thoroughly when dry.
 - UPHOLSTERY CLEANING:** Vacuum furniture thoroughly.
 1. Add 16 oz. (473 mL) of **Shampoo** to every 1 gallon (3.78 L) of water.
 2. Clean in normal manner with brush or sponge.
 3. Wipe any excess foam from legs or other un-upholstered areas.
 4. Finish all nap type coverings with soft brush combing in one direction.
 5. Vacuum thoroughly when dry.
- NOTE:** Freezing will not affect cleaning power. Thaw, shake well and use.

Seeing is Believing! The Difference is Crystal Clear

When using Encapsulating Cleaners, The Secret Is In The Savings...

By switching to encapsulating cleaners you can reduce cleaning frequency and labor costs by up to 50% without sacrificing cleanliness!

Self-Contained Extraction Procedure

Production Rate = 2,000 sq. ft/hr

Spin Bonnet Procedure

Production Rate = 1,100 sq. ft/hr

Yearly carpet maintenance cost estimate

- 55,000 sq. feet of carpet
- Labor calculated at \$10.00 per hour

Our Structured By Nature™ Line is made up of 6 great products

EXTRACTION Cleaner
A concentrated cleaner that can be used with any type of carpet extraction equipment. Provides one pass cleaning, and is compatible with high heat equipment. Leaves no sticky residue behind.
2 oz. per gal. Diluted pH 7.5-8.5
128SBNEXT

All-Purpose SPOTTER
Encapsulating Carpet Spotter is an ideal, all-purpose spotter that breaks down a wide range of spots and stains. Used in the same manner as a traditional spotter, but does not contribute to re-appearing spots.
RTU Diluted pH 8-8.5
32SBNRTUSP

PRE-SPRAY Treatment
A perfect pre-spray for heavily soiled traffic areas. Breaks down tough grease and dirt. For high powered cleaning, use in conjunction with Certified's Extraction Cleaner.
8 oz. per gal. Diluted pH 8-9
128SBNSPT

Encap PLUS
EncapPLUS powered by OXY-Force® is an ALL-IN-ONE cleaner and boosting agent. This oxygenated encapsulating, multi-purpose cleaner, is ideal for locations that need only one product to do it all.
Multi Dilution Diluted pH 6.5-7
128SBNOXY

AFTER RINSE
Encapsulating fabric rinse for carpet and upholstery. This low pH solution is used as the final step in wet cleaning. After Rinse removes any remaining residue, helps prevent browning or yellowing and leaves the fabric with a soft feel and helps prevent rapid resoiling.
4-6 oz. per gal. Diluted pH 2.5-3
C282-005
