

An Effective Acid Based Spot and Stain Remover

Coffee & Tea Spot & Stain Remover is a ready-to-use spotter that controls both coffee and tea stains quickly and effectively.

Two of the most common stains found in carpet and upholstery are coffee and tea, which are widely consumed in office and business settings today. These stubborn spills if left untreated can create bigger issues, and will leave a bad impression on your facility.

Coffee & Tea Spot & Stain Remover is also effective on pet urine and cola stains, along with some medicine spills.

Gallon 4 case

Coffee & Tea Spot & Stain Remover

C326-009

C326-005

Diluted pH 1-2

DIRECTIONS: Shake well before using.

Test fabric in inconspicuous place for color fastness before using.

1. Absorb excess coffee or tea with a clean white cloth or paper towel.
2. Pour clean water over the spot, and blot/absorb excess with white cloth, paper towel, or extractor.
3. Apply liberal amounts of **Coffee & Tea Spotter** to spot. Blot with a white cloth or paper towel.
4. Rinse spot several times with clean water and absorb with a clean white towel, paper towel or extractor.
5. Place a clean white towel over the spot, and place a non bleeding weight on the towel to help wick excess water and spotter into towel.
6. Allow to completely dry, then remove the towel.

Repeat if necessary.
