

■ N95 PARTICULATE RESPIRATOR

Key Features:

- NIOSH 42 CFR Part 84 standard as N95 class, with filtration 95% effective against particulate aerosols free of oils.
- Low breathing resistance with high filtration efficiency
- Adjustable nosepiece and inner foam provide a custom seal

Applications:

N95 respirators are manufactured for use in construction and other industrial type jobs that expose workers to dust and small particles. These respirators are evaluated for effectiveness by the National Institute for Occupational Safety and Health (NIOSH)
